 Or conduct a SLAC session with all the school teaching personnel and stakeholders such as PTA, SPG and SGC in the
 effective campaign of the NSED Program. Will advise teacher to integrate earthquake drill to lessons or subjects relative
 to it.

**This form is based from Evaluation Form A in DepEd Order No. 48, s. 2012*

SCHOOL EARTHQUAKE DRILL

Accomplishment Report

I. School Details:

District	I
Name Of School	Balabag Elementary School
School Address	Brgy. Balabag, La Carlota City, Negros Occidental Philippines
No. of Participants	58
Venue	Balabag Elementary School/ Grounds
Date Accomplished	August 13, 2019
Name of School Head	RONALD C. VALDEVIESO
Name of PSDS	

II. NARRATIVE REPORT/ EXECUTIVE SUMMARY:

The 3rd National Simultaneous Earthquake Drill for CY 2019 was scheduled to be conducted August 8, 2019. Unfortunately it is the same day of the first quarter examinations of the pupils and teachers within the Division of La Carlota City were assigned to conduct to other schools within the division. As per instruction of our school head, we conducted our earthquake drill on August 9, 2019, a day after the said examination.

The significance of conducting an earthquake drill by quarter is to instill among us the readiness and alertness should an earthquake occur while we are in school. It is an announced earthquake drill so the pupils are already aware of the time. Teachers and teacher advisers were advised to have a re-orientation in their respective classrooms prior to the conduct of the earthquake drill last August 9, 2019.

The earthquake drill was conducted on the premises of Balabag Elementary School. The drill was participated by the teachers present on that day as well as the pupils.

Guide Questions:

- ✓ What is the significance of the project/ activity?
- ✓ What happened in the implementation of the project/activity?
- ✓ When and where was the project/ activity implemented?
- ✓ Who are the attendees?
- ✓ What are the highlights of the project/ activity?

III. ACCOMPLISHMENTS OF OBJECTIVES

OBJECTIVES	STRATEGIES	ACTIVITIES	RESULTS
To prepare the pupils in events of an earthquake?	Conducted an orientation prior to the drill by the SDRRM	Performed an earthquake drill	Pupils and teachers were able to execute the "duck, hold and cover" with no delay.
To equip pupils of the necessary first aid applications in the events of injuries	Conducted first aid drill/ orientation to the pupils by the School Clinic Teacher	Had the children perform basic first aid during orientation	Pupils and teachers were not able to perform first aid to injuries. First aid kit was not prepared.

IV. MAJOR PROBLEMS ENCOUNTERED

During the conduct of the earthquake drill, there were no major problems encountered that could have slowed down the activity. However, there are still pupils who are not taking the drill seriously, like smiling and laughing while going into the designated evacuation area.

V. OTHER INSIGHTS/ RECOMMENDATIONS

The community applauds the quarterly earthquake drill being conducted by the school.
